for your home

Unica Basic

Soberness and
discretion

Now your home is your best friend
and becomes at your service.

Design

You thought there was no other option than accepting switches and outlets like little stains in your home. But it is not true! You can now choose them to fit with your own taste and style. And you can be as creative as you are with the decoration of your living room or the design of your kitchen furniture.

Get rid of the little stains, choose to apply the look and feel you want up to every detail in your home.

Solutions for comfort, safety and energy saving

Imagine exploring the resources of Unica in every detail, in order to enhance the personal touch and modern atmosphere of your home.

Wouldn't it be fantastic to get both an innovative decoration and high technology functionalities for your home?

And - at the tip of your finger, getting energy saving.

Rotary dimmer

Kitchen

Weekly programmable thermostat
Let the heart of your home be a warm kitchen. But not too warm!

Weekly programmable timer.
Program the working time of some loads. Save energy!

Double pole switch
Double electrical safety. Isolate your devices completely from the installation.
Extra important in a kitchen.

High rating switch
Need to run high amp loads at the same time? Without blowing your kitchen fuse.

RCD Switch and socket outlet
Safety and protection while using electricity in wet ambient is essential!

Alarm clock
Clock- and alarm function.

Dimmer
Create lighting ambiances, save energy and money.

Movement detector

Laundry

Weekly programmable timer.
Program the working time of some loads.
Save energy! And make sure you are not leaving appliances turned on by mistake.

Basic thermostat
One of the best places to save energy. A precise control of temperature, without significant drops or increases.

IP44/IP55 covers or surface boxes
For extra safety and protection using electrical equipment.

Movement detector
Automatically activates light or other functions when you enter.

Residual Current Device Switch

Garage

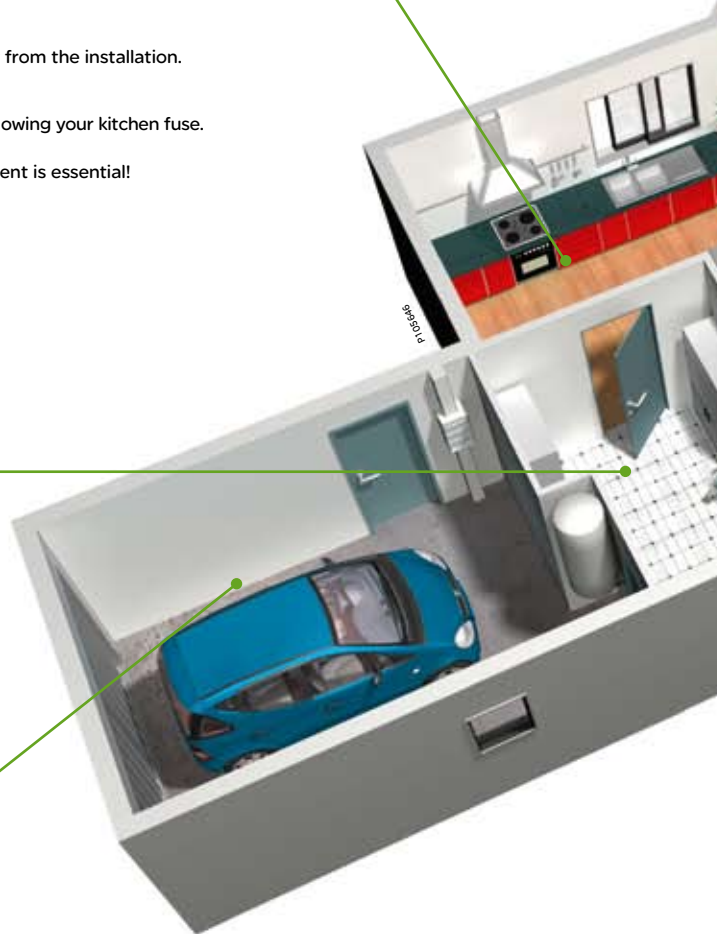

Time delay switch
For areas where you pass through. Will make sure the light is only on for a short time.

Basic thermostat
One of the best places to save energy. A precise control of temperature, without significant drops or increases.

IP44/IP55 covers or surface boxes
For extra safety and protection using electrical equipment in humid areas.

Locator lamp
